Company Profile

Incorporation: 1986/10/24
IPO: 1999/6/3
Stock code: 2465
Capital: 589 million NTD
Chairman & CEO: K.S. Lu
Headquarters: Taipei, Taiwan
Subsidiaries: China and Japan
Number of employees: 380
A leading brand of graphics cards for 36 years

A full range of consumer/workstation graphics cards, powered by NVIDIA Ada Lovelace architecture, combining the third-generation RT core and the fourth-generation Tensor core, provide high-quality and diverse products to fully meet the needs of the market.
AI Cloud Computing Total Solution

- NVIDIA-Certified System for Enterprise
- System Planning, software Integration
- GPU Technical Service, maintenance Service

WinFast Series  NVIDIA-Certified Workstations & Server

NVIDIA DGX A100
The AIDMS management process uses a graphical interface. Users do not need to write programs (No-Code). Start AI deep learning and model training with one click, complete training and verification in three days, and quickly implement application in seven days. Even users who don’t understand AI and codes can quickly realize AI digital transformation with Leadtek’s assistance.

Accelerate your teaching environment construction, thesis research, industry-university planning.
The NVIDIA DRIVE® platform is the solution for autonomous vehicle (AV) development for highly automated supervised driving with fully autonomous operation. The platform includes active safety, autonomous driving, parking and AI cockpit functions.
Leadtek Thin Client & Ultra-Thin Client

Full Range Performance
From school and office daily task to thin clients for government and enterprise critical mission, Leadtek continues to provide new models for VDI (Virtual Desktop Infrastructure) applications. You can find:

• Zero Client with no local storage and operating system
• Thin Client featuring biometric authentication
• Ultra-Thin Client using non-removable embedded Multimedia Card (eMMC) to secure business-sensitive data
Leadtek is an NVIDIA authorized deep learning institute (DLI), and the courses are taught by Leadtek lecturers who are qualified NVIDIA DLI instructors. Nearly 1000 school and corporate training sessions have been completed, spanning across schools, finance, IT, medical, automobile manufacturing, and many other industries.
Leadtek is the Asia-Pacific distributor of the NVIDIA Omniverse Enterprise platform. Creators, designers, and engineers can integrate users and top professional 3D design tools on the Omniverse platform. As updates, iterations and changes do not require data preparation, they are instantly reflected to simplify the work process.

Accelerate workflows and projects with a real-time collaboration and true-to-reality simulation platform for organizations of any scale.
In a virtualized environment that’s powered by NVIDIA virtual GPUs, the NVIDIA virtual GPU (vGPU) software is installed at the virtualization layer along with the hypervisor. This software creates virtual GPUs that let every virtual machine share the physical GPU installed on the server. Demanding engineering and creative applications, as well as compute-intensive workloads like AI and data science, can be supported in a virtualized and cloud environment.

**NVIDIA Virtual Compute Server (vCS)**
Power the most compute-intensive workloads with virtual GPUs.

**NVIDIA RTX Virtual Workstation (vWS)**
Virtual Workstations for creative and technical professionals using graphics applications.

**NVIDIA Virtual PC (vPC)**
Virtual desktop infrastructure for knowledge workers who use office productivity applications and multimedia.

**NVIDIA Virtual Applications (vApps)**
Application streaming with Remote Desktop Session Host solutions.
Leadtek Big Data Solution

Provide efficiency-optimized information products and services that help decision making

We assist in the construction of data collection, modeling and cleaning, data storage, data acquisition, data analysis, decision-making models, and intelligent imaging platforms to help users in efficient management, precise focus on development strategies, and create value.

Fields of application

- Educational Unit
- Financial System
- Medical Institution
- Private Enterprise
- Public Agency
ProfitPoint
Intelligent assistant system for national health insurance declaration

- Facilitate the optimization of the reporting operations of medical institutions, and reduce the burden of tedious and repetitive tasks for users
- Through the verification mechanism, reduce the risk of being deleted and indirectly increase the number of declared benefit points
- Get instant and highly reliable data analysis results quickly and immediately

- Remind the declaration optimization/doubtful items to reduce the omission of manual inspection
- Real-time presentation of data analysis charts related to declarations
- Assist the hospital to grasp key information about medical decision-making in advance
Safe Exchange
Safeguard NAS with blockchain tech

Easy and quick construction
Private cloud data storage and exchange system for enterprises

Advantages of Safe Exchange Data Vault
1. Identity Verification + Smart Contract  
2. Blockchain + File fingerprint  
3. Fragmentation + Encryption  
4. Intrusion Detection + Trap
AI Smart Medical Solution

Risk evaluation
(EGC/heart sounds/blood pressure/blood sugar/cholesterol/smoking/Blood oxygen …)

Rehabilitation at home
(Assessing post-surgery heart & lung functions)

Household

Community/workplace

Quick screening

DxPatch ECG & heart sounds recorder

Clinic/Physical check-up

Referrals
(10-second quick screening)

Health examination at hospital
(PCG 18018b)

DxPatch ECG & heart sounds recorder

Hospital discharge risk assessment
(To avoid hospital readmission soon)

Care at home
(Daily measurement, such as blood pressure)

Physical and Mental Health Management AI Platform

Health Keeper App

Health examination at hospital
(PCG 18018b)
Fingertip Pulse Oximeter

Leadtek merged the world-renowned oximeter brand Alvital into its smart medical product line in 2019, further expanding its smart medical lineup. The Alvital fingertip pulse oximeter is designed, developed and manufactured in Taiwan.
Pulse Oximeter-Rankings in Japanese Sales Channels

Sales Channels

#1 in Beauty Appliances.

Health Appliances > Health Care. Measurement > Other measuring devices

#2 in Health Appliances > Health Care. Measurement > Pulse Oximeter

#1 in Pulse Oximeter
Partners in Taiwan
We cooperate with major domestic hospitals and more than 200 clinics

- Autonomic Nerve Analysis Test (HRV Analyzer)
- Heart failure detection (DxPatch)
- Fingertip Pulse Oximeter
- H2 Plus Wearable ECG recorder
